

OCCUPATIONAL HEALTH AND SAFETY (OHS) POLICY

Solar Gas is principally engaged in the **manufacture (refilling), wholesale, marketing and distribution of Liquefied Petroleum Gases (LPG) and related accessories.**

At **Solar Gas**, we strive to **provide the necessary resources** and **maintain a safe and healthy workplace** for all our employees and stakeholders, and therefore **committed to:**

- provide safe and healthy working conditions for the prevention of work-related injury and ill health to the specific nature of its OHS risks and opportunities;
- provide a framework for setting the OHS objectives;
- fulfil legal and other requirements;
- eliminate hazards and reduce OHS risks;
- continuously improve the OHS management system; and
- consultation and participation of workers, and worker's representatives in OHS.

“SAFETY RULES ARE YOUR BEST TOOLS”
